WATER

Gift Wrapping For Good

Due to COVID-19 Paper for Water is planning low contact and no contact fundraisers to replace many of the gift markets and other events that have been canceled. Now more than ever it is important to reach families and communities with clean water and sanitation.

We are looking for clubs, youth groups and other organizations that would be willing to host a gift wrapping event in December. The idea is to provide curbside drop off and pick up for gifts needing to be wrapped beautifully and adorned with ribbon and origami by volunteers. Donations will be made in exchange for unique wrapping. All donations will be made directly online by smartphone so there will be no need to handle money or credit cards. Our goal is to have wrapping events throughout the Dallas metroplex.

Volunteer hours can be earned by hosting a supply drive this summer and fall for ribbon, tape and paper. Hours can be earned by folding origami decorations for the gifts or those can be supplied by us. Hours can also be earned for time spent marketing your event and time wrapping gifts.

Please help us continue our mission to bring clean water and the Word to the thirsty one piece of paper at a time by hosting a socially distanced gift wrapping event.

Advertise through no contact methods such as social media networks like Facebook, Instagram, Twitter, and Neighborhood Nextdoor and invite your community to participate in both your summer supply drive and your curbside wrapping event.

As COVID-19 continues to change the way we live, it doesn't have to change the way we give, and vulnerable families around the world need us more than ever. Thank you for helping us stop community spread while also bringing safe water to those who need us most!
